**ANNUAL SCHOOL REPORT 2020 - 2021**

“Education is the manifestation of the perfection that is already in human beings. Education is not the amount of information that is put into your brain runs riot there, undigested all your life. We must have life-building, man-making, character- making and assimilation of ideas.”

*Swami Vivekananda*

With immense pleasure and joy, I take the privilege to present the Annual Report of the school for the Academic session 2020-2021. A platform to communicate directly with our Well-wishers, Benefactors, Parents, Staff members and Students.

Christu Jyoti Convent School has successfully completed its journey into excellence for 34 years. I thank the Almighty God for all the blessings bestowed upon each one of us year after year, and especially during this pandemic academic year 2020-21.

Human being is creative by nature for he or she is the image of the Creator. Education should serve to “edu- care” the hidden treasures in the human being. Our efforts to incorporate creativity into the system have given us immense satisfaction and joy. I exhort the wards bubbling with energy and enthusiasm to channelize and enhance their creative energies for their best academic pursuits and future. I expect the wards to come out with new, original, novel, ingenious, divergent insights and ideas that are effective and appropriate to the existing situations.

Teachers are God - sent gifts to the earth with special crafts to bless and mould children, the little angels of God, impart them good education and make them good human beings.
